Thinking beyond tomorrow: customised design options, huge load bearing capacity, tremendous cost effectiveness. The ArciTech drawer system shows itself from its best side. Based on only one drawer side profile, numerous variations in design and functionality can be produced easily and efficiently. Just the way you want to. But this is the best of it: Even carrying loads of up to 80 kilograms, the Actro runner always full access and gently cushioned closure. Gentle. Strong. Flexible.

Quiet and secure running action guaranteed:

The Actro drawer runner with its unique prism principle and synchronous control system also makes ArciTech strong enough for large, heavy drawers – as well as loading capacities of up to 80 kilograms.

Effortlessly handleless:

The convenient Push to open Silent function opens the drawer in response to a light press while closing it again in a gently controlled action.

Design consistency throughout a furniture range for widely differing demands on design and function:

This is only possible with ArciTech. The broad standard platform based lineup provides solutions for every application.

Always with stunning effect. Always cost-efficient:

The platform concept gives you efficient and varied design options on the drawer side profile. This way, for example, designer profiles let you create unmistakable combinations.

ArciTech double walled drawer system

► Summary

Everything in one document. Always the right packaging concept 6 – 9

Powder coated steel, silver
Range summary
► Set packaging / bulk packaging 10 – 11

Powder coated steel, white

Order number index 263 – 269

A wealth of benefits, a wealth of potential for the future: ArciTech

Broad product line up

Platform concept: for creating marks of distinction with lean and efficient processes in production and stockkeeping

Front panel is fitted and removed without the need for tools

Secure and sturdy connection between drawer and runner

Automatic depth controlled engagement

Perfectly coordinated opening and closing convenience

High lateral stability

Individualisation of internal panels and DesignSides

TopSides, DesignSides and railings can be combined with the same drawer side profile

Easy to change from railing to TopSide or DesignSide

One assembly direction for front and rear panel for efficient installation

3 drawer side profile heights, 7 rear panel heights, add on side elements in 2 different heights

Exceptional stability –
loading capacity up to 80 kg

Easy and smooth running action

ArciTech double walled drawer system

- ▶ Everything in one document. Always the right packaging concept.
- ▶ Summary

■ All inclusive sets

- ▶ Easy to order in just two steps
- ▶ Ready to assemble set for wood or aluminium rear panel

■ Flexible sets

- ▶ Easy to order in four steps
- ▶ Take advantage of economic benefits provided by the steel rear panel for standard carcase widths

■ Bulk pack

- ▶ Perfect for high order volumes
- ▶ Ideal for use in automatic production processes

ArciTech double walled drawer system

- Everything in one document. Always the right packaging concept.
- All inclusive sets

All inclusive sets

All inclusive sets not only simplify assembly but make ordering easy too: in just **two steps** and with only two article numbers, you get a **ready to assemble set** for wooden or aluminium rear panel.

All inclusive sets

Example:

Pot-and-pan drawer in silver with lengthwise railing, system height 186 mm, drawer side profile height 94 mm, nominal length 500 mm, wooden rear panel, carcase width 600 mm, Actro 40 kg with Silent System for carcase side thickness of 16 mm.

1. Select drawer / pull-out type, including drawer side profile height, system height and nominal lengths as well as surface colour

2. Type of runner

1. Pot-and-pan drawer set

Package contents:

- 1 drawer side profile, left / right
- 2 knock in front connectors for drawer side profile
- 2 plastic cover caps with Hettich logo
- 1 rear panel connector, left / right
- 1 lengthwise railing, left / right, and 2 knock in front connectors for lengthwise railing
- Fixing material

Nominal length mm	Order no.	PU
270	9 150 686	1 set
300	9 150 687	1 set
350	9 150 688	1 set
400	9 150 398	1 set
450	9 150 702	1 set
500	9 150 703	1 set

7 Aluminium rear panel

- ▶ For variable or standard cabinet body width
- ▶ For cutting to length
- ▶ Length 2000 mm
- ▶ Powder coated, silver
- ▶ Rear panel connector set must be ordered separately

Order no.	PU
9 192 194	1 ea.

3 Front panel stabiliser

- ▶ For stabilising wide and/or high front panels
- ▶ Recommended for use in cabinets in widths of 600 mm and over and / or front panel heights of 450 mm and over
- ▶ Plastic, anthracite

Order no.	PU
9 123 080	1/150 ea.

ArciTech double walled drawer system

- ▶ Drawer / internal drawer, **height 126 mm**
- ▶ Powder coated steel, **silver**

Front panel for internal drawer

10 Aluminium front panel

- ▶ For variable or standard cabinet body width
- ▶ For cutting to length
- ▶ Length 2000 mm
- ▶ silver anodized
- ▶ **11** Connectors for the front panel must be ordered separately

Order no.	PU
9 192 204	1 ea.

11 Connector for front panel

- ▶ For combination with **10** Aluminium front or, when using a front panel in any chosen material, **12** Profile for front
- ▶ When using any chosen material with a total load of up to 60 kg

Set comprises:

- ▶ 1 connector for front panel, left and right

Order no.	PU
9 123 086	1/15 set

12 Profile for front

- ▶ For front panel in any chosen material
- ▶ For cutting to length, 2 profiles per front panel
- ▶ Length 2000 mm
- ▶ Aluminium, silver anodised
- ▶ **11** Connectors must be ordered separately

Order no.	PU
9 192 208	1 ea.

14 Catch for internal front panel

- ▶ For screwing on
- ▶ Plastic, grey

Set comprises:

- ▶ 1 catch
- ▶ 1 profile height increaser
- ▶ Fixing material

Order no.	PU
9 235 835	1 set

ArciTech double walled drawer system

- ▶ Pot-and-pan drawer / Internal pot-and-pan drawer, height 186 mm, drawer side profile height 94 mm
- ▶ Powder coated steel, silver

OrgaStore 230 dividing rod

- ▶ Walnut

Order no.	PU
9 199 683	4 ea.

OrgaStore 230, angular divider

- ▶ Angular divider with premounted fixing pins
- ▶ 93 x 93 x 127 mm
- ▶ Walnut

Order no.	PU
9 199 682	2 ea.

ArciTech double walled drawer system

- Interior organisation system for pot-and-pan drawers and internal pot-and-pan drawers
- Powder coated steel, **silver**

OrgaStore 230, cross shaped divider

- Cross shaped divider with premounted fixing pins
- 179 x 179 x 127 mm
- Walnut

Order no.	PU
9 199 684	1 ea.

OrgaStore 230, cross partition

- Cross partition with premounted fixing pins
- 107 x 127 mm
- Walnut

Order no.	PU
9 199 674	1 ea.

OrgaStore 230, container

- Container, small
- 236 x 261 x 127 mm
- Walnut

Width x depth x height mm	Order no.	PU
236 x 261 x 127	9 199 685	1 ea.
236 x 472 x 127	9 199 686	1 ea.

Dimensional drawing

- Trimmed width (B) = LB - 2 x EB - 54
- Trimmed depth = Nominal length (NL) - 27

- Interior organisation
- Powder coated steel, silver

Anti-slip mat

- For inserting into the drawer or pot-and-pan drawer
- 5 m roll
- Plastic, anthracite

Advice:

- Trimmed width (B) = inside cabinet body width - 2 x EB - 62
- Cut length (L) = nominal length - 27

Nominal length mm	Order no.	PU
650	9 209 582	1 ea.

Edge profile

- For fitting to side, width of interior organisation must be reduced by 4 mm
- Can be shortened as required
- Plastic, chrome look

Order no.	PU
9 135 408	1 set

ArciTech double walled drawer system

10 DesignSide adapter

- ▶ For combination with 9 DesignSide in glass or, when using a DesignSide in any chosen material, 11 DesignSide connector

Set comprises:

- ▶ 1 DesignSide adapter, front, left and right
- ▶ 1 DesignSide adapter, rear, left and right
- ▶ 2 front connectors for knocking in and for screwing on

Order no.	PU
9 122 975	1 set

11 DesignSide connector

- ▶ For combination with DesignSide in any chosen material
- ▶ For gluing or screwing (Ø 3 x 10)
- ▶ 10 DesignSide adapters must be ordered separately

Set comprises:

- ▶ 1 DesignSide connector, front, left and right
- ▶ 1 DesignSide connector, rear, left and right

Order no.	PU
9 122 998	1/15 set

3 Front panel stabiliser

- ▶ For stabilising wide and/or high front panels
- ▶ Recommended for use in cabinets in widths of 600 mm and over and / or front panel heights of 450 mm and over
- ▶ Plastic, anthracite

Order no.	PU
9 123 080	1/150 ea.

ArciTech double walled drawer system

- ▶ Pot-and-pan drawer / Internal pot-and-pan drawer, **height 186 mm**, drawer side profile **height 94 mm**
- ▶ Powder coated steel, **white**

Components

1 Drawer side profile

5 Drawer front connector for lengthwise railing

- ▶ Plastic, anthracite

Mounting option	Order no.	PU
for screwing on	9 127 011	1/300 ea.
for knocking in	9 127 000	1/300 ea.

ArciTech double walled drawer system

- ▶ Pot-and-pan drawer / Internal pot-and-pan drawer, height 186 mm, drawer side profile height 94 mm
- ▶ Powder coated steel, white

Front panel for internal pot-and-pan drawer

16 Aluminium front panel

- ▶ For variable or standard cabinet body width
- ▶ For cutting to length
- ▶ Length 2000 mm
- ▶ Powder coated, white
- ▶ **17** Railing and **18** Connectors for the front panel must be ordered separately

Order no.	PU
9 192 206	1 ea.

17 Railing for aluminium front panel

- ▶ Steel
- ▶ For variable or standard cabinet body width
- ▶ For cutting to length
- ▶ Length 2000 mm
- ▶ **16** Aluminium front panel and **18** Connectors for the front panel must be ordered separately

Order no.	PU
9 182 714	1 ea.

18 Connector for front panel

- ▶ For combination with **16** Aluminium front panel and **17** Railing for front panel or, when using a front panel in any chosen material, **19** Profile for front
- ▶ When using any chosen material with a total load of up to 60 kg

Set comprises:

- ▶ 1 connector for front panel, left and right

Order no.	PU
9 123 090	1/15 set

19 Profile for front

- ▶ For front panel in any chosen material
- ▶ For cutting to length, 2 profiles per front panel
- ▶ Length 2000 mm
- ▶ Aluminium, silver anodised
- ▶ **18** Connectors must be ordered separately

Order no.	PU
9 192 208	1 ea.

21 Catch for internal front panel

- ▶ For screwing on
- ▶ Plastic, grey

Set comprises:

- ▶ 1 catch
- ▶ 1 profile height increaser
- ▶ Fixing material

Order no.	PU
9 235 835	1 set

ArciTech double walled drawer system

- ▶ Pot-and-pan / internal pot-and-pan drawer, **height 186 mm**, drawer side profile **height 126 mm**
- ▶ Powder coated steel, **white**

10 DesignSide adapter

- ▶ For combination with 9 DesignSide in glass or, when using a DesignSide in any chosen material, 11 DesignSide connector

Set comprises:

- ▶ 1 DesignSide adapter, front, left and right
- ▶ 1 DesignSide adapter, rear, left and right
- ▶ 2 front connectors for knocking in and for screwing on

Order no.	PU
9 122 975	1 set

11 DesignSide connector

- ▶ For combination with DesignSide in any chosen material
- ▶ For gluing or screwing (Ø 3 x 10)
- ▶ 10 DesignSide adapters must be ordered separately

Set comprises:

- ▶ 1 DesignSide connector, front, left and right
- ▶ 1 DesignSide connector, rear, left and right

Order no.	PU
9 122 998	1/15 set

3 Front panel stabiliser

- ▶ For stabilising wide and/or high front panels
- ▶ Recommended for use in cabinets in widths of 600 mm and over and / or front panel heights of 450 mm and over
- ▶ Plastic, anthracite

Order no.	PU
9 123 080	1/150 ea.

ArciTech double walled drawer system

- ▶ Pot-and-pan drawer / internal pot-and-pan drawer, **height 218 mm**, drawer side profile **height 126 mm**
- ▶ Powder coated steel, **white**

Front panel for internal pot-and-pan drawer

16 Aluminium front panel

- ▶ For variable or standard cabinet body width
- ▶ For cutting to length
- ▶ Length 2000 mm
- ▶ Powder coated, white
- ▶ **17** Railing and **18** Connectors for the front panel must be ordered separately

Order no.	PU
9 192 206	1 ea.

17 Railing for aluminium front panel

- ▶ Steel
- ▶ For variable or standard cabinet body width
- ▶ For cutting to length
- ▶ Length 2000 mm
- ▶ **16** Aluminium front panel and **18** Connectors for the front panel must be ordered separately

Order no.	PU
9 182 714	1 ea.

18 Connector for front panel

- ▶ For combination with **16** Aluminium front panel and **17** Railing for front panel or, when using a front panel in any chosen material, **19** Profile for front
- ▶ When using any chosen material with a total load of up to 60 kg

Set comprises:

- ▶ 1 connector for front panel, left and right

Order no.	PU
9 123 093	1/15 set

19 Profile for front

- ▶ For front panel in any chosen material
- ▶ For cutting to length, 2 profiles per front panel
- ▶ Length 2000 mm
- ▶ Aluminium, silver anodised
- ▶ **18** Connectors must be ordered separately

Order no.	PU
9 192 208	1 ea.

21 Catch for internal front panel

- ▶ For screwing on
- ▶ Plastic, grey

Set comprises:

- ▶ 1 catch
- ▶ 1 profile height increaser
- ▶ Fixing material

Order no.	PU
9 235 835	1 set

ArciTech double walled drawer system

- ▶ Pot-and-pan drawer, **height 250 mm**, drawer side profile **height 94 mm**
- ▶ Powder coated steel, **white**

9 192 205	1 ea.

11 Connector for front panel

- ▶ For combination with **10** Aluminium front or, when using a front panel in any chosen material, **12** Profile for front
- ▶ When using any chosen material with a total load of up to 60 kg

Set comprises:

- ▶ 1 connector for front panel, left and right

Order no.	PU
9 140 121	1/15 set

12 Profile for front

- ▶ For front panel in any chosen material
- ▶ For cutting to length, 2 profiles per front panel
- ▶ Length 2000 mm
- ▶ Aluminium, silver anodised
- ▶ **11** Connectors must be ordered separately

Order no.	PU
9 192 208	1 ea.

14 Catch for internal front panel

- ▶ For screwing on
- ▶ Plastic, anthracite

Set comprises:

- ▶ 1 catch
- ▶ 1 profile height increaser
- ▶ Fixing material

Order no.	PU
9 235 834	1 set

ArciTech double walled drawer system

- ▶ Drawer / internal drawer, height 126 mm
- ▶ Powder coated steel, anthracite

Exploded diagram

Components

- 1** Drawer side profile, left and right
- 2** Drawer front connector for drawer side profile, 2 each
- 3** Front stabiliser
- 4** Cover cap, 2 each
- 5** Actro drawer runner, left and right, see page 206 - 209
- 6** Steel rear panel

Alternatively:

- 7** Aluminium rear panel or **C** Wooden rear panel and
- 8** Rear panel connector, left and right
- 9** Front panel for internal drawer

Alternatively 1:

- 10** Aluminium front panel and
- 11** Connector for front panel

Alternatively 2:

- D** Front panel in any chosen material and
- 11** Connector for front panel and
- 12** Profile for front

Optional accessories:

- 13** Designer-type profile
- 14** Catch for internal front panel

- A** Front panel
- B** Bottom panel (material thickness 16 mm)
- C** Wooden rear panel (material thickness 16 mm)
- D** Front panel in any chosen material (material thickness 6 mm)

Advice

- ▶ For technical information, see pages 227 - 228, 248 - 261
- ▶ Actro drawer runner, see page 206 - 209

ArciTech double walled drawer system

- ▶ Drawer / internal drawer, **height 126 mm**
- ▶ Powder coated steel, **anthracite**

All inclusive sets

Drawer set

Set comprises:

- ▶ **1** 1 drawer side profile, left and right
- ▶ **2** 2 knock in drawer front connectors
- ▶ **4** 2 cover caps, anthracite plastic with Hettich logo
- ▶ **8** 1 rear panel connector, left and right
- ▶ Fixing material

Note: Please order your Actro runner separately, see page 206 – 209

10 DesignSide adapter

- ▶ For combination with **9** DesignSide in glass or, when using a DesignSide in any chosen material, **11** DesignSide connector

Set comprises:

- ▶ 1 DesignSide adapter, front, left and right
- ▶ 1 DesignSide adapter, rear, left and right
- ▶ 2 front connectors for knocking in and for screwing on

Order no.	PU
9 122 979	1 set

11 DesignSide connector

- ▶ For combination with DesignSide in any chosen material
- ▶ For gluing or screwing (Ø 3 x 10)
- ▶ **10** DesignSide adapters must be ordered separately

Set comprises:

- ▶ 1 DesignSide connector, front, left and right
- ▶ 1 DesignSide connector, rear, left and right

Order no.	PU
9 122 998	1/15 set

3 Front panel stabiliser

- ▶ For stabilising wide and/or high front panels
- ▶ Recommended for use in cabinets in widths of 600 mm and over and / or front panel heights of 450 mm and over
- ▶ Plastic, anthracite

Order no.	PU
9 123 080	1/150 ea.

ArciTech double walled drawer system

- ▶ Pot-and-pan drawer / internal pot-and-pan drawer, height 218 mm, drawer side profile height 94 mm
- ▶ Powder coated steel, anthracite

Front panel for internal pot-and-pan drawer

16 Aluminium front panel

- ▶ For variable or standard cabinet body width
- ▶ For cutting to length
- ▶ Length 2000 mm
- ▶ **17** Railing and **18** Connectors for the front panel must be ordered separately

Order no.	PU
9 192 205	1 ea.

17 Railing for aluminium front panel

- ▶ Steel
- ▶ For variable or standard cabinet body width
- ▶ For cutting to length
- ▶ Length 2000 mm
- ▶ **16** Aluminium front panel and **18** Connectors for the front panel must be ordered separately

Order no.	PU
9 182 712	1 ea.

18 Connector for front panel

- ▶ For combination with **16** Aluminium front panel and **17** Railing for front panel or, when using a front panel in any chosen material, **19** Profile for front
- ▶ When using any chosen material with a total load of up to 60 kg

Set comprises:

- ▶ 1 connector for front panel, left and right

Order no.	PU
9 140 124	1/15 set

19 Profile for front

- ▶ For front panel in any chosen material
- ▶ For cutting to length, 2 profiles per front panel
- ▶ Length 2000 mm
- ▶ Aluminium, silver anodised
- ▶ **18** Connectors must be ordered separately

Order no.	PU
9 192 208	1 ea.

21 Catch for internal front panel

- ▶ For screwing on
- ▶ Plastic, anthracite

Set comprises:

- ▶ 1 catch
- ▶ 1 profile height increaser
- ▶ Fixing material

Order no.	PU
9 235 834	1 set

ArciTech double walled drawer system

- ▶ Pot-and-pan drawer / internal pot-and-pan drawer, height 218 mm, drawer side profile height 126 mm
- ▶ Powder coated steel, anthracite

Versatility that knows no bounds...

ArciTech inspires with its systematic diversity in design. You can mix and match all the standard components with ease for ultimate flexibility. And the best thing? You don't even have to change your production processes. Making a mark of distinction has never been so affordable. It all comes down to what you make of it.

- ▶ Catch for internal drawers

Attractive design:

The internal drawers are hidden from view when the front is closed, making it easy to create purist furniture design with fewer reveals. This is where the Hettich catch provides convenience geared to individual needs: when the pot-and-pan drawer is opened, the internal drawer automatically opens with it. Reliably, no matter what it

contains. Drawer contents frequently needed are ready to hand more quickly. And when usage habits change: simply slide the adapter aside and the automatic opener is deactivated. Installation is also easy: screw on catch, clip on adapter, done.

Fewer reveals, easy access:
Catch for ArciTech, InnoTech Atira
and InnoTech internal drawers

Catch for screwing on, adapter for
clipping on

ArciTech double walled drawer systems

- Accessories
- Catch for internal drawers

Technical details in brief

- Catch for screwing on, adapter for clipping on
- Plastic
- Catch disengages by lifting
- Deactivated by sliding adapter aside

 - Drawer and pot-and-pan drawer
- Plywood
- Hardened steel drilling bushes for 10 mm drill bit with depth setting ring
- ArciTech adjustment range
 - Side front panel overlay: up to -5 mm, up to +20 mm
 - Front panel height: up to +30 mm from bottom edge of drawer base
- InnoTech / InnoTech Atira adjustment range
 - Side front panel overlay: up to -6 mm, up to +20 mm
 - Front panel height: up to +35 mm from bottom edge of drawer base

Order no.	PU
9 162 018	1 ea.

Knock in tool for ArciTech front panel connector

- For knock in assembly of the ArciTech drawer front connector
- For knock in assembly of the ArciTech drawer front connector for drawer side profile

Type	Order no.	PU
Drawer side profile height 94 / 126 mm	9 127 211	1 ea.

Knock in tool for ArciTech railing front connector

- For knock in assembly of the ArciTech drawer front connector for lengthwise railing

Order no.	PU
9 140 129	1 ea.

Wood drill bit with cylindrical shaft

► Sleeve drill

Sleeve drill

- Minimal drill wear as the drill bit does not come into contact with the jig
- Precision drill bit guidance through sleeve
- Adjustable drill depth stop
- Can be used with Accura, Practica, Lift Advanced drilling jigs

Page reference:
► For Practica drilling jig, see page 220

Article	Diameter mm	Order no.	PU
Sleeve drill	10	0 078 096	1 ea.
Spare drill bit without sleeve	10	0 079 005	1 ea.

- Drawer, height 78 mm

► Quality criteria

Quality that meets all the demands

The quality of drawer runners is subject to a process of continuous monitoring. Hettich fittings comply with the national and international quality standards of the markets our customers operate in. The diagrams below show some of the tests Hettich fittings are required to pass.

Application

Hettich drawer runners are suitable for use in living room, kitchen, bathroom and office furniture both in the home and business environment.

Load capacity and pull-out guard

The load capacity (to DIN EN 15338) stated in the catalogue is understood to mean the weight of the drawer itself including front panel and contents in kg. The applicable level is shown on the product. The load capacity relates to a reference length of 500 mm. The load

capacity may vary for other nominal lengths. All Hettich drawer runners feature guards to prevent the drawer from rolling out and being removed unintentionally and meet the requirements of the impact test in a test frame to EN 15338. Used in the intended manner for furniture, these runners are suitable for use in living room, kitchen and bathroom

furniture to EN 14749 and for use in office furniture to EN 14073 and EN 14074. The maximum front panel height is governed in particular by material, drawer size and drawer runner. Testing is conducted on drawers with a 130 mm front panel height and pot-and-pan drawers with a 300 mm front panel height.

Corrosion test

Hettich drawer runners satisfy the requirements on corrosion defined in DIN EN 15338, 72-hour condensation water test to DIN EN 6270.

Wear test

The fully laden drawer must remain in proper working order after a defined number of opening and closing operations at a defined test velocity.

Retention-on-opening test

The fully laden drawer is abruptly opened all the way several times at a defined test velocity.

Horizontal load test

Opened all the way, the fully laden drawer is additionally exposed to horizontal strain with a defined lateral force.

Vertical strain test

Opened all the way, the drawer is additionally exposed to vertical strain with a defined eccentric force.

We are improving our environmental performance –
as proven by EMAS, the world's most stringent environmental management system.

Our corporate principles include taking responsibility for preserving the natural basis of life. This is where we regard statutory provisions as minimum requirements. Over and above meeting statutory requirements, it is imperative for all members of staff to act in a way that conserves energy and resources in their own particular work environment in order to overcome the global ecological challenges of the near future. In the same way, using energy and resources efficiently also plays a key part in maintaining our competitive edge.

The group wide Environmental Department was established back in 1992, with its sustainability principles of environmental protection and occupational health and safety having consistently set the framework for leading the company group forward in this direction since 1993. Introduced in 1996, the environmental management systems complying with the European EMAS Regulation (Eco Management and Audit Scheme), including ISO 14.001, are of central impor-

tance in this context. These implemented a targeted approach to identifying and realising the potentials for using energy and resources in an efficient manner as well as to ensuring conformity with the law. The results are nothing short of impressive.

Environmentally friendly projects

Innovative projects are the mark of our approach to environmental management. For instance, the primary-energy requirement of our new production facilities is up to 75% below the specifications demanded in building legislation. The exemplary, consistent use of wood-based materials in constructing our commercial buildings puts us on the forefront of using resource-conserving, renewable building materials that take enormous quantities of climate-damaging CO₂ out of the atmosphere while they are growing.

Since 2015, we have been trying out three new vehicles, each employing different propulsion systems, to test the

practical suitability of electric mobility in a variety of usage situations. At our Indian production plant, heavy metals are absorbed from concentrated waste water using an innovative method that involves living algae. At our factory in China, a solar-powered system provides staff accommodation and the canteen with hot water.

Success stories

Between 1997 and 2015, for example, we have managed to reduce environmental pollution from manufacturing our drawer runners and drawer systems at the Kirchlegern-Bünde production facility as follows:

- ▶ Specific water consumption 45 %
- ▶ Specific power consumption 10 %
- ▶ Specific heat consumption 73 %
- ▶ Specific CO₂ emission 30 %

Numerous awards reflect our commitment to the environment. In 2009, the European Commission gave our zero-energy Hettich Forum building the Green Building Award at national level. In 2016, we won the sustainability prize from the East Westphalian Business Environment Foundation for an environment education project carried out over 20 years.

Technical information/legal notice

General technical conditions

The fitting information, screw fixing points and load capacity information contained in this catalogue assume proper attachment using screws specified by Hettich to a chipboard panel providing a screw pull out resistance of at least 1,000 N in accordance with EN 320.

Hettich accepts no responsibility for the load capacity of furniture and its components if materials or fastening methods are used other than those stated; the furniture manufacturer must verify load capacity.

The fitting situations shown in this catalogue are only intended to illustrate the possible options.

The furniture manufacturer is responsible for ensuring that furniture is designed in compliance with standards, in particular with regard to meeting the requirements on safety.

We will be pleased to provide any further information you may require.

General Terms of Sale and Delivery

All products and services will be provided exclusively on the basis of our General Terms of Sale and Delivery published on our website at www.hettich-agb.com.
